**RESOLUTION OF  
BOARD OF TRUSTEES  
CHARTER TOWNSHIP OF CANTON**

**Resolution Recognizing Public Safety Employees Work  
During Bank Robbery on January 25, 2018**

**Whereas,** the Canton Public Safety Department recognizes the value of exceptional employees and the significant role they play in the accomplishment of its mission; and

**Whereas,** on the afternoon of Thursday, January 25, 2018, Canton Public Safety’s Dispatch Center received reports of an armed robbery in progress, with hostages, at the Citizens Bank on Canton Center Road; and

**Whereas,** upon conveyance of this information, fifty-seven Public Safety personnel quickly assembled into tactical, investigative, informative and responsive positions, with each of the employees knowing and performing their specific role to the best of their ability; and

**Whereas,** due to the efforts of all department staff involved, along with assistance from the Western Wayne Special Operations and Crisis Negotiations Teams, Western Wayne Community Response Team, and of the Federal Bureau of Investigations, the four hour and fourteen minute incident ended peacefully, with the release of all hostages and the suspect taken into police custody; and

**Whereas,** the quick actions, display of knowledge, and exceptional execution of teamwork by the Public Safety Department staff during this dangerous situation was truly reflective of excellence in the delivery of public safety service;

**NOW, THEREFORE, BE IT RESOLVED,** that the Board of Trustees of the Charter Township of Canton upon recommendation of the Canton Director of Public Safety, does hereby recognize the Public Safety Department staff for their commendable contribution to the Canton community and to the Canton Department of Public Safety.

**Citizen’s Non-Agenda Item Comments:** None

The provision of this Ordinance shall become effective seven (7) days after its publication.

### **CERTIFICATION**

The foregoing Ordinance was duly adopted by the Township Board of Trustees of the Charter Township of Canton at its regular meeting called and held on the 13th day of February, 2018, and was ordered to be given publication in the manner required by law.

Michael Siegrist, Clerk  
Introduced: January 23, 2018  
Adopted: February 13, 2018  
Published: February 22, 2018  
Effective: March 1, 2018

A zoning ordinance regulating the development and use of land has been adopted by the legislative body of the Charter Township of Canton. Copies of the complete text of this Ordinance are available at the Clerk's Office of the Charter Township of Canton, 1150 S. Canton Center Road, Canton, MI., 48188, during regular business hours. A complete copy of the Ordinances for Canton Township is available at [www.canton-mi.org](http://www.canton-mi.org).

The proposed change to the Cherry Hill Village Overlay District is intended to redefine the Village Core and Village Edge Area as shown of Figure 1 of the District guidelines.

February 13, 2018

The parcels that front the south side of Cherry Hill Road between Denton Road and the power line corridor were originally designated as Village Edge Area 15 years ago when the Overlay was created. The “Edge” area was intended to be limited to residential use at a maximum density of 4 dwelling units/acre. The “Core” area flanks the remainder of Cherry Hill Road to the west in the remaining areas of the village. The “Core” area allows up to 12 dwelling units/acre and a wide variety of community commercial uses.

When the original Cherry Hill Village Planned Development was amended to incorporate the 40 acres at the corner of Denton and Cherry Hill, the uses consisted of condominiums and commercial use and the density was spread across the entire 360 acres of the PDD. That PDD agreement is now expired and most of the initial phases of village are built out except for these remaining frontage parcels on the south side of Cherry Hill Road. A phase by phase analysis is attached, which shows the approved number of units versus actual build out of the Village.

Due to many of the condominium units being deleted and substituted with single-family lots and changes to later phases which also lowered the number of units, there would still be a net density decrease of over 140 units if the area is changed to the “Core” area on Figure 1. It was always the intent to have more compact development along Cherry Hill Road that is connected to the bike paths and provide a more urban streetscape. The “Core” area designation would also allow future development to incorporate office and commercial uses, similar to what is approved on the north side of Cherry Hill in the Uptown Development. Those uses would not be recommended if the “Edge” area designation remained.

- **Community Planner’s Recommendation** - Approval

- **Planning Commission Recommendation** - The Commission voted 7-0 to approve the ordinance amendment which will allow flexibility for a mix of uses along Cherry Hill Road pursuant to the overall goals of the Cherry Hill Village Overlay District.

Effective: December 3, 2015

A zoning ordinance regulating the development and use of land has been adopted by the legislative body of the Charter Township of Canton. Copies of the complete text of this Ordinance are available at the Clerk's Office of the Charter Township of Canton, 1150 S. Canton Center Road, Canton, MI., 48188, during regular business hours. A complete copy of the Ordinances for Canton Township is available at [www.canton-mi.org](http://www.canton-mi.org).

The applicant is proposing to rezone the subject property from RA, Rural Agricultural to R-2, Single Family Residential District. The property was previously part of the Hamlet Planned Development to the north but was sold off separately to the owner to the south and was not included in the final phases of the Hamlet that were approved pursuant to a consent judgment for the last phases of the Hamlet. The R-2 zoning is consistent with the Future Land Use Map and consistent with the R-2 zoning to the south and east and consistent with the residential density in the Hamlet.

**-Existing Zoning:** RA, Rural Agricultural

**-Location:** North side of Geddes Road west of Denton Road

**-Net Acres:** 20 acres

Published: February 22, 2018  
Effective: March 1, 2018

A zoning ordinance regulating the development and use of land has been adopted by the legislative body of the Charter Township of Canton. Copies of the complete text of this Ordinance are available at the Clerk's Office of the Charter Township of Canton, 1150 S. Canton Center Road, Canton, MI., 48188, during regular business hours. A complete copy of the Ordinances for Canton Township is available at [www.canton-mi.org](http://www.canton-mi.org).

The applicant is proposing to rezone the subject property from RR, Rural Residential to R-2, Single Family Residential District. Two parcels front onto Geddes Road and one parcel fronts onto Denton Road. The proposed rezoning is consistent with the existing R-2 zoning to the north, south and west which is consistent with the Future Land Use Map of the Comprehensive Plan. The parcels will be combined with the property to the west for future development.

**-Existing Zoning:** RR, Rural Residential  
**-Location:** North side of Geddes Road west of Denton Road  
**-Net Acres:** 10 acres  
**-Existing Land Use:** Single-family residential and vacant  
**-Surrounding Land Use**

N – R-2, Achieve Charter Academy

S - RR- frontage residential on south side of Geddes Road and R-2, Grandview Estates

E – R-1, frontage residential on Geddes and Denton Roads

W- R-2, frontage residential and vacant

**-Comprehensive Plan:** Medium-Low Density Residential (up to 2 dwelling units/acre)

**- Community Planner’s Recommendation:** Approval

**- Planning Commission Recommendation:** The Planning Commission voted 6-1 to recommend approval of the request to rezone the parcels to R-2.

**Item C-4. Appointment and Reappointment to the Canton Tax Board of Review.  
(Supv.)**

Motion by Siegrist, supported by Sneiderman that the Canton Board of Trustees approve the reappointment of Stan Turek to the Canton Tax Board of Review for a two-year term to expire on 3/1/20, and the appointment of Brooke Franklin as an alternate to the Tax Board of Review for a two-year term to expire 3/1/20. Motion carried by all members present.

Stan Turek and Ron Podolak, two experienced members of Canton’s Tax Board of Review, have terms expiring in March of 2018. Stan Turek has expressed interest in continuing his service, and he has done an excellent job since his appointment in 2012. Ron Podolak, who has also done an excellent job on this board, is unable to continue his service and has submitted a letter of resignation. The Supervisor is recommending the reappointment of Stan Turek. For the open alternate position, the Supervisor is recommending Brooke Franklin. Ms. Franklin has a diverse background in leadership, workforce development and community engagement.

The Tax Board of Review is a 3-member board required by state law who hear property assessment appeals. Canton has always tried to maintain two 3-member boards plus an alternate member so we can offer more times to the residents who are making appeals. The Tax Board of Review hears appeals two times per year: March and December.

**Item C-5. Appointment and Reappointment to the Historic District Commission.  
(Supv.)**

Motion by Siegrist, supported by Sneiderman to approve the Township Supervisor’s recommendation for reappointment of Stephen Foley and appointment of JoAnn Dionne to the Canton Historic District Commission for three year terms effective through February 13, 2021.

Stephen Foley and Melissa McLaughlin have served on the Historic District Commission (HDC) for over 30 years each. Stephen Foley, an attorney who has skills that meet the criteria for serving on the Historic District Commission, would like to continue his work on the HDC. Melissa McLaughlin has submitted a letter asking not to be considered for reappointment, which opens a spot for a new appointee. The Supervisor would like to appoint JoAnn Dionne. JoAnn lives in a home in Canton built in the 1870’s and also has experience sorting archival collections, creating inventories, and proofreading finding aids for the Henry Ford Museum. Her bio is attached.

Per MCL 399.204 Historic District Commission consists of not less than 7 or more than 9

members. Canton's Historic District Commission consists of 8 members, one of which is a representative of the Canton Historical Society. The Commission also has a Township Staff representative, Gregg King, and a Secretary, Joan Lager.

Long term commitment to this commission and community is the foundation of the historical perspective that is requisite for the review and implementation of the U.S. Department of Interior - Secretary of the Interior's Standards for the Treatment of Historic Properties whose recommendations guide this commission. Without a solid historical perspective, the commission loses its ability to maintain and safeguard the heritage of the township.

Mr. Foley has served on the commission since 1987. He serves not only as a member familiar with the history of Canton, but serves as legal advisor to the counsel. He was instrumental in rewriting the current Historic District Commission ordinance.

As a contributing member of the commission Mr. Foley's background in various aspects of the law has made him a valued asset to the commission. He has experience in the following fields of law: Trial Attorney, Defense: Personal Injury; Automobile/Truck Negligence; Worker's Compensation; Slip and Fall; Employment Discharge; Civil Rights, Age, Race, Sex and Weight discrimination; EEOC Complaints; Michigan Department of Civil Rights Complaints; Arbitrations; Civil Appeals; Contraction Actions; Real Estate and Labor. He has practiced law since 1977.

Mr. Foley does not receive any compensation for his service, and has agreed to serve another term. Mr. Foley's credentials contribute to Canton Township being certified by the State of Michigan as a Certified Local Government. This certification allows Canton Township's Historic District Commission to apply for Federal grants administered by the State of Michigan Bureau of History. The Bureau of History requires Certified Local Governments' meet credentialing standards of their historic district commission board members.

JoAnn Dionne was a volunteer at The Henry Ford for several years, which deepened her interest in local history. That interest extends to Canton where she grew up and has lived for the last twenty years. Her house was built around 1870.

**Item C-6. Consider request of the City of London, Ontario, to use portions of the "Michigan Historic Cemeteries Preservation Guide". (CLS)**

Motion by Siegrist, supported by Sneiderman to approve the use of portions of the Michigan Historic Cemeteries Preservation Guide by the City of London, Ontario for non-commercial purposes, subject to appropriate credit being given to Canton Township. Motion carried by all members present.

The Township was contacted by a representative of the City of London, Ontario, with a request to use portions of the "Michigan Historic Cemeteries Preservation Guide," a guidebook that was created by current Township-employee Gregg King with the assistance of Susan Kosky, Kathleen Glynn and Gladys Saborio. Canton Township copyrighted the Guide in 2004.

As the holder of the copyright, the Township Board must authorize reproduction or use of any part of the Guide. The City of London, Ontario desires to put together a “best practices manual” for non-commercial use, for example, for distributing to volunteer groups interested in forming “friends of cemetery” groups and those interested in cemetery restoration and preservation. Appropriate credit will be given to the Canton Guide.

**GENERAL CALENDAR:**

**Item G-1. Consider First Reading of an Ordinance to Amend Chapter 98 of the Canton Code of Ordinances to Bring the Ordinance into Compliance with State Law and to Increase the Size of the Planning Commission to Nine Members. (MSD)**

Motion by Siegrist, supported by Sneiderman to introduce for first reading an ordinance which amends Chapter 98 of the Canton Code of Ordinances. Motion carried by all members present.

Motion by Siegrist, supported by Slavens to table for consideration the proposed text amendment to the Code of Ordinances, and to schedule a second reading for February 27th, 2018. Motion carried by all members present.

Chapter 98 of the Canton Code of Ordinances, entitled “Planning,” still cites the Rural Township Zoning Act, which was repealed and replaced by the Michigan Planning Enabling Act in 2008.

Discussions about the make-up the Planning Commission have led to a review of the Township ordinances governing the Planning Commission. While Section 28.03 of the Zoning Ordinances was updated when the state planning law changed in 2008; however, Chapter 98 was not revised. As the Board has indicated a desire to increase the size of the Planning Commission to nine members, Chapter 98 has been reviewed and updates made to bring the ordinance into compliance with the current law, as well as increase the size by adding two members. A budget impact of \$3,000 - \$4,000 will be addressed by a future Request for Board Action if this amendment is approved.

\*\*Note: The wrong version of the ordinance amendment was submitted for first reading on January 9 and 23rd, 2018. Due to significant substantive changes in the correct version, a new first reading must be held.\*\*

**Item G-2. Consider Approval of Amendment #5 to the Uptown Planned Development Agreement. (MSD)**

Motion by Siegrist, supported by Slavens to pass the following resolution. Motion carried by all members present.

**RESOLUTION OF  
BOARD OF TRUSTEES  
CHARTER TOWNSHIP OF CANTON**

**AMENDMENT NUMBER 5 TO THE  
UPTOWN PLANNED DEVELOPMENT DISTRICT**

**WHEREAS**, the Project Sponsor, Mr. Mark Highlen, has requested approval for Amendment #5 to the Uptown Planned Development District to be located on Denton Road between Cherry Hill and Ridge Roads, identified as part of tax EDP #072-99-0003-713; and,

**WHEREAS**, the Planning Commission reviewed the amendment and made a recommendation to approve the request to grant approval, as summarized in the attached written analysis and recommendation.

**NOW THEREFORE BE IT RESOLVED**, the Board of Trustees of the Charter Township of Canton, Michigan does hereby approve the request of the petitioner, Mr. Mark Highlen, to approve the Fifth Amendment to the Uptown Planned Development District subject to any conditions recommended by the Planning Commission and staff, as described in the analysis and recommendation attached hereto and made a part hereof.

Uptown Apartments are part of the Uptown Planned Development District originally approved by the Board of Trustees November 27, 2001. Amendment #3 was approved December 9, 2008 creating the All Seasons Senior Apartments as part of the development area and composed of 145 attached units. Amendment #4 dated April 22, 2014 re-located the Senior Apartments from the previously approved internal location to the part of the property fronting Denton Road and provided for 187 units. Nine apartment buildings, including two previously constructed by another party as condominiums on Cherry Hill Road, and a clubhouse building were then approved.

The applicant now wishes to convert the approved senior apartment element to traditional apartments matching that already constructed in prior phases. Approval of the request will result in a reduction of 35 units, from 187 to 152 total in this phase. Some modifications to the elevations of the buildings that front onto Denton Road across from Fire Station #3 were made based on comments by the Planning Commission.

- **Existing Zoning:** R-1, Single Family Residential/Cherry Hill Village Overlay District
- **Location:** West of Denton Road, North of Cherry Hill Road
- **Net Acres:** 5.43 acres
- **Existing Land Use:** Vacant
- **Surrounding Land Use & Zoning:**
  - N- R-1/Cherry Hill Village Overlay, Canton Township Dog Park
  - S- R-1/Cherry Hill Village Overlay, Vacant
  - E- R-1/Cherry Hill Village Overlay, Uptown Apartments
  - W- R-1/Cherry Hill Village Overlay, Fire Station #3
- **Comprehensive Plan:** Cherry Hill Area
- **Community Planner's Recommendation:** Approval of Amendment #5 to the Uptown Planned

Development Agreement.

Trustee Sneiderman stated the previous plan had commercial parcels designated for grocery store type application. Director Faas reviewed the parcels in the area that are designated commercial for stores, gas stations, banks, etc.

Clerk Siegrist asked when the PDD would expire. Director Faas explained the dates have been extended however he expects the project to move forward quickly.

**Item G-3. Consider Approval of the Purchase of (5) Ford Explorer Police Interceptor and Accompanying Amendment to the 2018 Police Budget. (PSD)**

Motion by Siegrist, supported by Sneiderman to approve the purchase of five (5) 2018 Ford Explorer Police Interceptors from Signature Ford, 3942 W. Lansing Rd, Perry, MI 48872 via a Macomb County Bid #12-07 MY2018 in the amount of \$140,255. Motion carried by all members present.

Motion by Siegrist, supported by Slavens move to approve the following budget amendment to the 2018 Police Budget:

Increase Appropriations: Capital Outlay Vehicles #207-301-50.970\_0040 \$112,585

Decrease Appropriations: Transfer to Fund Balance #207-301-50.990 \$112,585

Motion carried by all members present.

The Police Department is requesting approval to purchase five Ford Explorer Police Interceptors. One of these vehicles was presented and approved by the Township Board on January 23, 2018, but the cost of said vehicle was inadvertently omitted from the total dollar amount, requiring re-approval to generate a Purchase Order. The remaining four vehicles are new requests to increase the department's marked patrol fleet, which has remained the same before 2009. Authorized drug forfeiture funds are being recommended to expend on the four additional vehicles.

BACKGROUND: The Fleet Replacement Policy PW:607 has four criteria to establish replacement of an existing vehicles; 1) Vehicle Age, 2) Vehicle Mileage, 3) Maintenance & Repair Costs, and 4) Physical Appearance/Condition.

Although vehicles have been replaced over the past 10 years, the actual number of marked patrol vehicles in the fleet has remained the same since before 2009. Due to the increased number of budgeted positions and the department's new overlap shift, putting more officers on the road during the busiest times, additional marked units are being requested.

All vehicles requested for purchase are quoted using Macomb County Bid Pricing #12-07, Y2017.

**Item G-4. Consider Approval of a 2018 Budget Amendment in Account 101-191.970\_0030 Capital Outlay Machinery and Equipment by \$5000 to Facilitate the Purchase of Voting Booths and to Approve a P.O. to Election Source, 4615 Danvers Drive SE, Grand Rapids, MI 49512, in an Amount of**

**not more than \$35,000. (Clerk)**

Motion by Siegrist, supported by Slavens to approve an increase in the 2018 Budget in Account 101-191.970\_0030 Capital Outlay Machinery and Equipment in the amount of \$5000 for a total of \$35,000. Motion carried by all members present.

Motion by Siegrist, supported by Slavens to approve a purchase order to Election Source, 4615 Danvers Drive SE, Grand Rapids, MI 49512 in an amount not to exceed \$35,000. Motion carried by all members present.

In 1985 the township purchased 340 Voting Booths for voters to use in precincts. With over 30 years wear and tear, these booths are no longer viable. In long range planning for their replacement, the township had spread the anticipated acquisitions in the amount of \$45,000 over a multi-year period. The Clerk, desiring to maximize purchasing power through the use of economies of scale, did not spend the \$15,000 budgeted in 2017. As a result of bulk purchasing, the township will be receiving the same number of booths for a substantially lower cost. The 2018 budget in Elections – Capital Outlay Machinery and Equipment was originally set at \$30,000.

Following a meeting with Election Source, the recommended provider of this type of equipment, the projected amount for new voting booths would be about \$34,000, including shipping. The Clerk is requesting to increase the budget in 101-191.970\_0030 Capital Outlay Machinery and Equipment by \$5000 for an overall total of \$35,000, resulting in a savings of \$10,000 from the initially anticipated cost.

In 2017 the State of Michigan required purchase of new election equipment. In addition, the township's voting booths were starting to deteriorate requiring their replacement. The former Clerk had budgeted for the purchase of all these items in 2017 and 2018.

The 2017 budget had been set at \$173,000 for new purchase of new election computers and equipment. Because we purchased some of the equipment directly from Canon Solutions America, the Clerk's Office utilized only \$139,000.

The 2017 budget had been set at \$15,000 for new election furniture and equipment for replacement of the voting booths, however none were purchased in 2017.

Trustee Graham-Hudak asked if the recent Precinct Reconfiguration, and subsequent reduction in number of voting precincts, resulted in purchasing less voting booths than had been anticipated. Clerk Siegrist replied no. State of Michigan Election Law requires one voting booth per 300 voters. The reconfiguration did not result in less voters in Canton just less voting locations.

**Item G-5. Consider Adoption of Leisure Services 5-Year Strategic Plan. (FBD)**

Motion by Siegrist, supported by Sneiderman to adopt the Leisure Services 5-Year Strategic Plan. Motion carried by all members present.

Pros Consulting, Inc. was contracted to develop an updated 5-Year Strategic Plan for Leisure Services. A strategic plan is vital to provide a clear and unified vision for the department and ensure that resources and energies are focused in the most productive and cost effective manner. Per CAPRA Guidelines, we are requesting that the Canton Township Board of Trustees adopt this strategic plan.

The Leisure Services Strategic Plan development followed an intensive process of data collection, public input, assessment of existing conditions, market research and open dialogue with local leadership and key stakeholders.

The Strategic Plan utilizes the Township goals as strategic priorities which include:

- A livable, walkable, and attractive community for residents
- Increased funding sources and enhanced fiscal sustainability
- A demographically oriented community
- Innovation in transportation/hub for research and development of autonomous vehicles
- Economic development
- Improved infrastructure

Each strategic priority has a series of specific tactics for achieving each strategic initiative identified for 2018.

**Item G-6. Consider Approval to Purchase Replacement Golf Cars for Fellows Creek Golf Club. (CLS)**

Motion by Siegrist, supported by Sneiderman to approve the purchase of seven replacement golf cars for Fellows Creek Golf Club with Golf Cars Plus, 607 North Main Street, Plainwell, Michigan 49080, in the amount of \$28,420 to be paid from Account #584-697-78.970\_0030 (Capital Outlay Machinery & Equipment). Motion carried by all members present.

In February 2017, the Township purchased through a lease to own agreement 115 golf cars for Fellows Creek Golf Club. During two separate incidents in 2017, nine golf cars were stolen from the golf course. Canton Police were able to recover two of the cars. Additional security measures as recommended by Public Safety were put in place.

Our recommendation is to purchase seven vehicles in the amount of \$28,420 from Golf Cars Plus to replace the stolen golf cars. Through Canton's insurance settlement with MMRMA, we will be reimbursed 50%, less \$1,000 deductible, per incident.

The current fleet of golf cars was purchased in 2017 from Golf Cars Plus, who had submitted the lowest bid for Yamaha DR2A golf cars. They have submitted a replacement fleet proposal for 2018 cars at a cost of \$4,060 per unit, totaling \$28,420.

Trustee Graham-Hudak asked how the golf carts were lost. Director Meier explained the incident is currently under investigation. Director Hohenberger stated additional security

measures have been put in place to ensure this does not happen again.

Motion by Siegrist, supported by Sneiderman to approve the following budget amendment:

Increase Expense	584-697-78.970_0030 Capital Outlay Machinery & Equip	\$28,420
Decrease Expense	584-756-50.990 Transfer to Fund Balance	\$15,210
Increase Revenue	584-697-78.696 Insurance Settlements	\$13,210

Motion carried by all members present.

**Item G-7. Consider Approval of 2018 FY Specialized Services Operating Assistance Program Agreement with SMART. (CLS)**

Motion by Siegrist, supported by Slavens to approve the FY 18 Specialized Services Operating Assistance Agreement between SMART and the Charter Township of Canton for \$31,942 and to authorize the Township Supervisor to sign the contract on behalf of the Township. Motion carried by all members present.

The Township submitted its annual Specialized Services application with SMART to provide funding for the Canton Mobility Transportation program. SMART has notified the Township that it is eligible for \$31,942 under the program from October 1, 2017 through September 30, 2018.

Canton Leisure Services is requesting Board approval for the Specialized Services Operating Assistance Program Agreement with SMART.

Canton Township applied for and was awarded a Specialized Services Operating Assistance Program grant from the Suburban Mobility Authority for Regional Transportation (SMART). The grant will be utilized for the Canton Mobility Transportation Services program, which provides transportation for seniors and disabled individuals.

- The grant is for \$31,942, which is the same allocation Canton secured last year.
- The grant contract covers the period of October 1, 2017 through September 30, 2018.
- These funds are in addition to the \$88,692 Municipal Credit grant, which the Township was awarded for FY2018. Fare box revenue collected from program riders in FY2017 was \$26,739.80.
- The total annual contract with Huron Valley Ambulance (HVA) to provide transportation services is not to exceed \$467,348.68.
- The two grants and fare box revenue noted above offset the HVA contract amount. The balance of the contract amount, which is not to exceed \$319,974.88 is covered through the Township's General Fund.

Trustee Graham-Hudak asked if DARA funds could be used to purchase these vehicles. Director Hohenberger explained the vehicles aren't owned by the township. This contract is simply for operating funds. Maintenance and Upkeep are the only vehicle expenses the township is responsible for.

**Item G-8. IT Services – Renewal with Comcast Enterprise Services for Internet**

**Service. (FBD)**

Motion by Siegrist, supported by Sneideman to approve the 3 year agreement with Comcast to provide internet service at an increased capacity for the Township. Motion carried by all members present.

For the past six (6) years the Township has sourced its primary Internet access from Comcast Enterprise Services. The service provided by Comcast has been extremely solid and sound and provides the numerous Departments whose Business applications reside out on the Internet, a very high level of access and uptime.

The current contract with Comcast has expired and the Township is currently in a month-to-month situation. While there is no belief that Comcast will attempt to price gouge the Township, IT Services is recommending an increase in bandwidth capacity from Comcast be obtained. To receive this increase of capacity, the Township must sign a new agreement with Comcast.

As more Township critical or important business applications are sourced from the Internet, the current level of bandwidth capacity has at times shown to be insufficient and has resulted in reduced performance of the various applications.

The IT Services manager contacted Comcast Enterprise Services to solicit cost proposals for capacity increases for the Township, the Township must enter into a new 3-year agreement with Comcast to increase our capacity.

The Township receives its primary Internet access from Comcast Enterprise Services for the past 6 years. During that time there has been one (1) outage by Comcast of the Internet access, that outage lasted a mere 30 minutes.

As more departments make use of the Internet for access to email or their respective departmental business applications, it is imperative that IT Services take the necessary steps to ensure consistent and efficient access to the Internet.

The Township Clerk's primary voter application system will undergo changes in 2018 that will change how the Clerk employees work. Their existing State Voter Application System currently runs "on premise". After the upgrade expected in Q2 of 2018, the Voter Application System will be operating across the Internet sourced by the State. This is a critical & fundamental application for the Township, increased Internet access capacity will ensure continued efficient access for the Clerk's Department to their primary business application. In addition to the Clerk's Office, the

Township's Building Department has undertaken and is about to begin requiring the submission of building plans be in electronic format only. Due to the economic upturn experienced within Canton, the Building department has been and continues to see only growth in their core business. Once the requirement of electronic submittals is fully realized, employees of the Building department will need faster or more efficient Internet access to collect the large amounts of data being submitted to the Township.

The IT Services Manager is forecasting an increase in the need of capacity to the Internet. IT Services contacted Comcast Enterprise for pricing to double our current rate of 50MBPS to 100MBPS. With all things technology, costs eventually come down over time. The current monthly cost for 50mbps is approximately \$1,495/mo. Entering into a new agreement with Comcast will provide for 100mbps capacity at the same monthly rate of \$1,495/mo.

**Item G-9. Consider Request to Purchase Ammunition. (PSD)**

Motion by Siegrist, supported by Slavens to approve the purchase of ammunition utilizing State of Michigan Contract Pricing from Kiesler's Police Supply, in the amount of \$24,003.  
Motion carried by all members present.

The Police Department is requesting to purchase ammunition for rifles and handguns to be used on duty and for training/qualifications, and Simunition cartridges also for training, Kiesler's Police Supply has quoted the ammunition utilizing the State of Michigan Contract Pricing. The total cost for this purchase, with shipping, is \$24,003. Funds for this purchase are budgeted in the 2018 Police Operating Supplies Account.

**Item G-10. Consider the Purchase of Mobile and Portable 800 mHz Radios. (PSD)**

Motion by Siegrist, supported by Slavens to waive the bidding process and approve the purchase of four mobile and five portable 800 mHz radios from Motorola Solutions, Inc., in the amount of \$47,632.35, utilizing E/911 Funds. Motion carried by all members present.

The Police Department is in need of four Motorola APX6500 Remote Mount Mobile Police Radios and five APX6000 Portable Police Radio Kits. These units will outfit new officers and vehicles, and be the first significant purchase since converting to the State of Michigan's MPSCS 800 mHz Radio System in 2012. Due to the necessity of continuity in radio equipment, purchasing the same radio as currently owned is imperative; therefore, the department requests to waive the bidding process and purchase the above model radios from Motorola Solutions (a sole-source vendor) for a total amount of \$47,632.35.

In response to the FCC's narrow banding requirements, on March 12, 2012, the Township Board approved Canton Police and Fire Departments transition to the State of Michigan's MPSCS 800 mHz Radio System. This \$1.8 million dollar project included a multitude of components, including all new radios for dispatch, police/fire vehicles, and individual officer/firefighter portable radios. At that time, the department purchased extra radios for future growth but that supply has been slowly depleted over the past six years.

The Motorola radios being requested for purchase are the same make and model of current radios being used, and include all mounting, charging, trunking and programming to be 100% compatible with the department's current inventory. Warranties are included with the purchase with coverage of three years for the mobile, and five years for the portables.  
This radio purchase is a qualified expense for utilizing E/911 funds.

Motion by Siegrist, supported by Sneideman to approve a budget amendment to accommodate the complete purchase.

***Increase Appropriations:***

Capital Outlay Computers & Equipment: #261-346-50.970.0010 \$36,927

***Decrease Appropriations:***

Transfer to Fund Balance: #261-346-50.990 \$36,927

Motion carried by all members present.

**Item G-11. Consider Authorizing Agreement for Architectural Services for Public Safety Facilities, and Authorization to Proceed with Phase 1 Needs Assessment. (PSD)**

Motion by Siegrist, supported by Graham-Hudak to approve signing the Agreement with Partners in Architecture, PLC, Mt. Clemens, Michigan, for the purpose of Architectural Services for Public Safety Facilities, and to approve the proposed Phase 1 Needs Assessment for the Public Safety Headquarters and Fire Station #2. Motion carried by all members present.

In August, 2017, a Request for Proposal was advertised for Architectural Services for Public Safety Facilities, soliciting for a vendor to review and recommend structural needs for the department's Dispatch, Public Safety Headquarters, Fire Station #2, and Gun Range/Training Facility. Ten formal proposals were submitted and reviewed by a committee of representatives from the Police, Fire, Facilities Maintenance and Finance Departments. In October, 2017, five firms were invited to give formal presentations to the committee, and they were scored on pre-established criteria including: relevant experience, comprehension of the proposed projects, fee schedules, etc. The highest score was awarded to Partners in Architecture, PLC, Mt. Clemens, Michigan (further known as PARTNERS).

A second meeting was held with PARTNERS in December, 2017, to request a Proposal for a Phase 1 Needs Assessment to include: (1a) Improvements to Public Safety Headquarters, (1b) Expansion of Dispatch, and (2) Replacement of Fire Station #2. The PARTNERS Phase 1 proposal includes a "Not to Exceed" price of \$39,500 for Public Safety/Dispatch Needs Assessment, and \$10,500 for Fire Station #2 Needs Assessment. The department is estimating an additional expense of \$5,000 for Police and \$1,000 for Fire to cover reimbursable fees listed in the attached Proposal.

The Public Safety Headquarters was originally built in 1984, with additions made in 1996 and 2002. After 16 years, the department has once again outgrown its square footage and is relying on the Phase 1 Needs Assessment to recommend renovating, repurposing, or expanding the building and office space as recommended by expert architect studies. The dispatch area is at the center of the department's building concerns as the current space offers no room for additional call taker stations, eliminating the ability to add additional call taker staffing.

Fire Station #2 was built in 1976, and stands as originally built 42 years ago. The Township has already contracted with a firm to conduct feasibility studies on the adjacent land to the west of

the station, which was purchased by the Township several years ago. The Township is also in the process of purchasing adjacent land to the east, with the intention of utilizing for a Fire Station #2 expansion or re-build. The Phase 1 Needs Assessment is being requested to ensure a new station can adequately serve the needs of northeastern Canton.

The department has decided to put the Gun Range/Training Facility assessment on hold, as the above projects are taking precedence based on need.

Trustee Sneideman asked when this project would begin. Director Meier replied right away. The department is rapidly outgrowing the current Dispatch Center.

Motion by Siegrist, supported by Slavens to approve the below budget amendments to the 2018 Police and Fire Budgets to accommodate this purchase:

<b>Increase 2018 PD Expense Account</b>	<b>Item</b>	<b>Amount</b>
#207-301-50.743.0021 DEA Forfeiture Funds	Phase 1 “Not to Exceed” Expense for Needs Assessment	\$39,500

Motion carried by all members present.

**Item G-12. Consider Approving a 2018 Fire Budget Amendment for Purchase of Property. (PSD)**

Motion by Siegrist, supported by Slavens to approve an amendment to the 2018 Fire Budget in the amount of \$215,000 to purchase property commonly known as 41454 & 41472 Warren Road, in Canton.

**Increase Appropriations:** Capital Outlay - Land: #206-336-50.970.0070 \$215,000  
**Decrease Appropriations:** Transfer to Fund Balance: #206-336-50.990 \$215,000  
 Motion carried by all members present.

The Charter Township of Canton has entered into a Purchase Agreement for property commonly known as 41454 & 41472 Warren Road, in Canton. This land is intended to be used for an expansion/re-build of Canton Fire Station #2. The department is requesting an amendment to their 2018 Fire Budget to accommodate the price quoted in the signed Purchase Agreement, in the amount of \$215,000.

**Item G-13. Consider the Purchase of a Vigilant License Plate Reader System & Annual Subscription. (PSD)**

Motion by Siegrist, supported by Sneiderman move to approve the purchase of one License Plate Reader System and annual subscription from Vigilant Solutions, in the amount of \$22,525; with subsequent annual subscription costs of \$14,995. Motion carried by all members present.

The Police Department recently requested formal proposals for a license plate reader system, consisting of three cameras, recognition software and database access. Two vendors submitted proposals, with Vigilant Solutions being selected as the low bid and desired product for purchase. Vigilant Solutions License Plate Reader is \$22,525 to purchase, with an annual subscription of \$14,995. Traffic Forfeiture funds would be utilized for this purchase.

Technology continues to advance opportunities in police work, and the license plate reader is one of the best, new investigative tools on the market. License plate reader (LPR) cameras are mounted in patrol vehicles to capture license plate information on moving and parked vehicles. With the Vigilant Solutions LPR product, license plate information is uploaded to a large, searchable database, and stored for inquiries by subscribing/participating police agencies. Currently the system has over 8 billion LPR records (including the metro-Detroit area). Key features of Vigilant Solutions includes:

- License Plate Query – Advanced vehicle location query capabilities
- Mapping Alert Service – Access to data in a GIS user interface
- Stakeout Analytics – Allows investigators to virtually “stakeout” a location
- Locate Analysis – Provides detailed analysis of most likely locations of a vehicle
- Hot List Management – Alert sent when a Vigilant LPR logs a plate entered on hot list
- Agency Management – In house management of users, hot list, auditing, etc.
- Data Sharing – Vigilant provides true agency data sharing information via its server

The Vigilant Solutions LRP system is CJIS compliant, which means it will integrate with the department’s in-car computer system without issue regarding CJIS/LEIN policies.

The purchase price of \$22,525 includes three cameras, startup configurations, end-user training, camera mounting kits, hardware, cabling and the first year’s subscription which includes uploading of license plate information, access to the searchable database, software updates, system service and new hardware annually. The subsequent annual subscription cost of 14,995

will include uploading of license plate information, access to the searchable database, software updates, system service and new hardware annually.

Trustee Sneideman asked what this system does. Deputy Director Baugh explained this system assists in tracking vehicle locations based on the license plate on the vehicle.

Clerk Siegrist asked where the cameras will be located. Deputy Director Baugh explained how the cameras will be allocated and how the technology will capture the data.

Trustee Graham-Hudak asked would this tie into store cameras in the future. Director Meier that is a possibility.

Clerk Siegrist asked if this would be utilized by Wayne County as well. Deputy Director Baugh explained Wayne County would have to purchase their own system.

**ADDITIONAL PUBLIC COMMENT:** None

**OTHER:** Trustee Graham-Hudak asked, based on the recent heavy snowfall, could the township hire private contractors to clear township roads. Director Faas explained the township would then have to assume the liability for these roads and felt the township attorney would recommend against any action of this type. Supervisor Williams explained the township is looking into working in conjunction with neighboring communities to assist Wayne County in the future.

Trustee Sneideman congratulated the Olympic Figure Skating pair – the “Shib-Sibs” on their Bronze medal win. They train here in Canton.

**ADJOURN:** Motion by Siegrist, supported by Sneideman to adjourn at 8:00 p.m. Motion carried by all members present.
