

Canton Public Safety Department Block Party Regulations

Your Canton Public Safety Department is happy to comply with your request for barricading a public street in order for you and your neighbors to participate in a block party; however, you must follow the rules for the protection of lives and property.

- You must circulate this petition to all homeowners who will be affected by the block party. 51% or more of the affected homeowners must sign the petition in favor of the block party.
- Final instructions will be sent to you within one week of your party.
- **Application must be submitted to the Records Bureau no later than two weeks before the event.**
- The street is not to be barricaded with any immovable objects such as motor vehicles, trailers, etc. You must use lightweight wooden barricades. Please call Canton DPW at 734-397-1011 ext. 0, four (4) days prior to your scheduled event to make arrangements to pick up the barricades. The Canton DPW office is located at 4847 Sheldon Road.
- Place the wooden barricades at each end of the section of road to be closed. Do not block the street in any manner that would prevent emergency vehicles from having ready access to any home or injured person. Barricades need to be taken down at the end of the event and returned to DPW the next business day.
- Notify **all** residents in the party area that they **cannot** drive to and from their houses during the block party; they should move their vehicles to another location prior to the start of the party if access is required.
- **Use of Fireworks is prohibited - use of such will exclude future block parties.**
- Canton residents need to adhere to all noise ordinance requirements. Disturbance calls to the Police Department will jeopardize future requests for block parties.
